

For our Sales/Export area, we seek a committed

sales engineer for Sales/Export (m/f)

with promotional opportunities. You have good communication skills, you are a team player and you are able to work independently and to focus. Your task as the point of contact for our sales subsidiaries and representative offices will be to provide support. You take charge of ongoing projects and conclude them successfully. Your job profile includes the raising and following up of quotations as well as the presentation of our products in export sales subsidiaries and at trade fairs.

You have completed a technical course of study and/or you have a good knowledge of mechanical engineering (machines, tooling and tools), and already have vocational experience in a sales capacity. You have an excellent command of spoken and written English, and knowledge of a second foreign language such as French, Italian or Spanish would be an advantage.

You will receive thorough and intensive induction as well as product training to prepare you for your assigned tasks.

If the task described here appeals to you, and if you can identify a suitable challenge for yourself here, then we look forward to receiving your application. Please submit it to Mrs. Dagmar Zoller (dzoller@zoller-d.com).

As a traditional family-owned company ZOLLER develops and manufactures products for setting, measuring, inspecting and managing tools at the highest level.

With technological innovation, high-quality products and excellent customer service we have assured ourselves a place at the top of the world market. Today, ZOLLER has a worldwide presence with its numerous representative offices and service subsidiaries.
